

About the workshop

Since the advent of nanotechnology, there has been a tremendous growth in this field of nanoparticulate drug delivery systems. The systems have been studied for their applications in the field of diagnosis, diseases monitoring, diseases management, & personalized health care. The ultimate aim of this approach is to make a better and healthier tomorrow for everybody. The conference will cover the most recent international developments in the field of Nanoparticulate drug delivery systems. Participants will get a complete overview right from the materials employed in the development of the product till the clinical evaluations. Recent advances, difficulties and breakthroughs as well as emerging and future trends of the converging fields of Nanotechnology, Biotechnology and Material science will be discussed. The event offers the opportunity to the participants from both academia and industry to discuss new collaborative projects.

About the University

Uka Tarsadia University (UTU) was established in 2011 by Bardoli Pradesh Kelavani Mandal, with an objective of meeting the growing demand for quality education. The University offers a comprehensive array of academic programs across the disciplines of Management, Commerce, Engineering and Technology, Architecture, Design, Applied Science (Chemistry, Physics, Mathematics, Biotechnology), Computer Science, Microbiology, Pharmacy, Nursing, Physiotherapy, Physical Education and others that lead students to self-enrichment and productive careers in their respective professions, government, business and industry. Located near the town of Bardoli, Gujarat, on a 100 acre land, the university provides educational opportunities to over 9000 students.

About the Institute

Maliba Pharmacy College, a constituent Institute of UTU, is located in the picturesque campus of Gopal Vidyanagar on Bardoli-Mahuva road. The college is approved by All India Council for Technical Education (AICTE), the Pharmacy Council of India (PCI) and Directorate of Technical Education, Govt. of Gujarat. Our B.Pharm program is accredited by National Board of Accreditation (NBA). The College ranked 4th in Gujarat and 37th in India by NIRF (MHRD). The college has state-of-the-art infrastructure and instrumental facilities and provides a serene atmosphere for academic excellence. The college houses a voluminous library; classrooms with multimedia facilities, well equipped laboratories CPCSEA approved animal house, modern computer and Language labs. The college has its own sophisticated instruments centre for the characterization and analysis of pharmaceuticals. The college offers B. Pharm, Pharm.D, M.Pharm and Ph.D programme.
