

Hospital Visit Report

Kiran Multi Super specialty Hospital, Surat

22nd July, 2021

The students of **4th year PHARM. D**, Maliba Pharmacy College, Uka Tarsadia University have visited **KIRAN HOSPITAL** on **22nd JULY 2021**. Total 27 students were present with the class counsellor - Mr. Dhaval Joshi.

The hospital is located in Katargam, Surat. It is managed by Samast Patidar Aarogya Trust, headed by Mr. Govind Dholakia. Our bellowed Prime Minister **Shri Narendra Modi** has inaugurated this **551 bedded multi-specialty** hospital on 17th April 2017. This hospital is also NABH accredited.

Students and the faculty reached the hospital by 11:00 am. At first, all gathered in conference room as an introductory session was arranged by Ms. Ekta Patel who is working as a Clinical Pharmacist at Kiran hospital. It was an audio-visual presentation summarizing the all departments and health care facilities at Kiran hospital.

Ms. Ekta has also explained the role and responsibilities of clinical pharmacist and various activities performed in IP and OP prescription audit, ADR reporting , medication error etc. She also elaborated how the high risk drugs can be stored.

After finishing the presentation, students visited the **Clinical Research Department**. The head of the department with his team introduced and explained various departments like Sample collection room, Documentation, investigational product storage room, meeting room and others. They gave us brief idea about the clinical trials for the cancer chemotherapeutic agents.

In next session, Ms. Ekta gave an idea about how the nursing notes, documentation of medication chart of the patients were being managed. She showed students how the CRASH CART is maintained and used in case of some emergency.

The students have also understood the case notes and **discussed various cases in different wards**.

The overall visit was very informative and students have learnt a practical role of clinical pharmacist in hospital.
