

UKA TARSADIA UNIVERSITY

Maliba Pharmacy College

Report
Orientation Program
1st year B.Pharm and PharmD
Date- 4th -8th Oct 2021

Maliba Pharmacy College, Bardoli organized an orientation program for the newly admitted B.Pharm and Pharm D students at the institute premises on 4th – 8th October 2021. The major objective of the program was to make the parents and students aware of the academic aspects of the programme/course, the rules and regulations of the institute and ensuring parental participation in monitoring the performance and progress of the students. The student orientation program is designed to:

- Familiarize students with the standards of the MPC & UTU and principles of our academic community
- Help students navigate the UTU campus and identify the resources available
- Present tips and key information that will make students' first day at UTU and their transition to B.Pharm and Pharm D go smoothly
- Introduce students to counselors and important resources critical to their personal and academic success at MPC
- Provide the opportunity to meet other students, new as well as seniors
- Acquaint students with the history and traditions of MPC & UTU
- Share a portrait of the incoming class in all its diversity and richness as new students are welcomed into the vibrant MPC community
- Introduce pharmacy as a whole including different streams of pharmacy, career and scope.

Day 3

Date – 06th October, 2021

Expert session on "Movie based learning" by Dr. Vijay Gondaliya, I/C Principal B.V. Institute of technology, UTU

The movie 'Rocket Singh- Salesman of the year (2009)' was showcased among students which taught few of the following lessons to students:

1. Money doesn't motivate everybody equally.
2. Right aptitude in life is important rather than scorecard.
3. What is good for the goose cannot be bad for the gander!
4. The greatest secret of success in business: Satisfied clients
5. Even zero has the value.
6. Everyone is born with the potential of vice & virtue.

Dr. Vijay Gondaliya, I/c Principal BVPIT

Movie Based Learning

Thus, the movie based learning strategy help students to churn out the logical and emotional reasoning capabilities and influence aspects of risk-taking, problem-solving, decision-making, sustaining relationships, and many more.

Day 3: Session on Antiragging and Code of Conduct by Dr. Ditixa Desai and Ms. Bhargavi Desai

The students were informed about the preamble, objective and measures to eliminate ragging in the college/university. They were directed to fill the antiragging undertaking as per the UGC guidelines. They were made aware of the members of the committee and squad within Maliba Pharmacy College as well as Uka Tarsadia University.

Moreover the students were educated about the code of conduct of the Institute

Day 4

Date – 07th October, 2021

Day 4 started with workshop on Universal Human Values by Dr. Shrikant Joshi. The discussion started with understanding the ‘desires’ and ‘the current state of being’ about desires. Discussion continued about what efforts we are doing to fulfill our desires and concluded that we are more focused on physical facilities than actual desires like happiness, prosperity and continuity in these both. Students understood that physical facilities are necessary but not adequate for human being. Along with physical facilities, relationship is also necessary for humans. Though we recognized that relationship is necessary, we still get in to arguments, opposition and fights. Students collectively came to consensus that to achieve fulfillment in relationship we need right understanding. Students then decided the priority in between Right Understanding, Relationship and Physical Facilities. They agreed that Right Understanding should be the first priority and physical facilities as third. They understood that living for physical facilities is ‘Animal Consciousness’ while living with Right Understanding, Relationship and Physical Facilities is ‘Human Consciousness’. They understood the concept of Holistic Development which means moving from animal consciousness to human consciousness and also understood the role of education and sanskar in holistic development. The session ended with feedback from students for the session.

The post lunch session was Indoor and Outdoor games session. Students were introduced to the Indian local games which can be played without any resources (or minimal resources). These games help to improve physical strength as well as cognitive abilities of the students. They enjoyed games like Guru-Shiva-Rana, Namaste Guruji, Ubhi Kho, Mai Shivaji, Hanuman Kudko, Vagh-Bakari, Dival Yuddha, Tank Yuddha. At last in indoor games they played one minute games to learn management in given time and for fun.

In last session Dr. Bhavik Satani instructed students for the procedure of enrollment in the university.

The day ended with fun, positive vibes and awesome learning about Universal Human Values and qualities like unity, working in teams and coordination with peers.
