

Interactive Session on Best Practices in Analytical Method Development and Testing

JULY 23, 2022

DR. SHRINIVAS SAVALE
CEO

AIC-LMCP Foundation
L. M. College of Pharmacy
Ahmedabad, Gujarat (India)

Speaker - Dr. Shrinivas Savale; CEO, AIC-LMCP Foundation

Date- 23rd July 2022. Time - 2:30-3:30 pm

Venue- Maliba Pharmacy College

Maliba Pharmacy College of Uka Tarsadia University had organized an interactive session on “Best Practices in Analytical Method Development and Testing” by Dr. Shrinivas Savale, Ph.D., for the M.Pharm students. Dr. Shailesh Shah, Principal of Maliba Pharmacy College chaired the session along with the faculty members.

Dr. Shrinivas Savale being a veteran in drug research, pharmaceutical analysis and quality assurance explained the students about the importance of total quality management, concept of validation and its types; and prerequisite to calibrate instruments to obtain accurate results. He also emphasized on the use of various softwares like SPSS, Design of experiment for pharmaceutical research and development; and laboratory information management systems (LIMS). Since Dr. Savale is associated with many pharmaceutical organizations, he informed the students about the industrial best practices in the areas of GxP, automation in laboratory, preclinical and clinical biosimilars/ biologics development. Dr. Ashish Mishra, Dean of Maliba Pharmacy College presented the vote of thanks. Such an expert session served one of the objectives of collaboration between UTU and AIC-LMCP i.e exchange of academic/ research information.

“Always think two steps ahead.”- Dr. Shrinivas Savale
