

Seat No.: \_\_\_\_\_

Enrolment No. \_\_\_\_\_

**MALIBA PHARMACY COLLEGE**

**UKA TARSADIA UNIVERSITY**

**M. Pharm. Semester – II; Internal Examination April 2014 (Mid Sem)**

**Subject: 040040203 Global Regulatory Requirements & Validation**

**Date: 09/04/2014;**

**Time: 1:30 pm – 4:30 pm**

**Total Marks: 70**

***Instructions:***

- Attempt any **five** questions.
- Make suitable assumption whenever necessary.
- Figures to the right indicate full marks.

- |             |     |   |           |
|-------------|-----|---|-----------|
| <b>Q.1</b>  | (a) | Define drug master file (DMF). Enlist the typical contents of a DMF submission. Discuss the different types of DMFs   | <b>08</b> |
|             | (b) | Explain the needs of submitting a DMF. Discuss the process of review of a DMF by FDA. What are the situations which may lead to closure of an existing DMF?   | <b>06</b> |
| <b>Q.2</b>  | (a) | Define the following terms: bioequivalence, modified release formulations, open label trials, pharmaceutical equivalents, pharmaceutical alternatives, reference listed product, randomization and supra-bioavailability. | <b>04</b> |
|             | (b) | Discuss the situations where bioequivalence studies are not needed. Give appropriate justification in each case.  | <b>05</b> |
|             | (c) | Discuss the key aspects of enrollment/exclusion of subjects/volunteers in a clinical study. Explain the situations which demand exclusive recruitment of patients.  | <b>05</b> |
| <b>Q.3</b>  | (a) | Discuss the key aspects of performing a BA/BE study.  | <b>06</b> |
|             | (b) | Compare the merits and demerits of parallel and cross-over designs. Discuss the acceptance criteria for establishing BE between two products. Include special cases as well.  | <b>05</b> |
|             | (c) | Write a short note on orange book.  | <b>03</b> |
| <b>Q.4</b>  | (a) | Describe the toxicological studies required for IND emphasising species, route of administration, dose and dose group.  | <b>06</b> |
|             | (b) | Explain in detail the sequential information desired for IND filing of a model new drug.  | <b>08</b> |
| <b>Q.5</b>  | (a) | Give the characteristics of ideal investigator's brochure. Discuss the function and content of clinical investigator's brochure.  | <b>04</b> |
|             | (b) | Discuss the NDA review process and filing time frame.   | <b>05</b> |
|             | (c) | Discuss the technical sections to be submitted to FDA before phase 3 clinical trials.   | <b>05</b> |
| <b>Q. 6</b> | (a) | Write a note on types of paragraph filling for ANDA submission and explain 30 months stay period  | <b>06</b> |
|             | (b) | Describe the types of IND   | <b>05</b> |
|             | (c) | Discuss the provision of Market exclusivity for the first ANDA applicant  | <b>03</b> |
