

AYUSHI VASANDIA (2017-2021)

Maliba pharmacy college will always be my second home. My four years journey at this college was best experience of my life. I am grateful that I am part of this campus, a place for learning, development, fun, culture and many such life preaching activities. I found many people that become part of my life. The support that I received from faculty members will be helpful for my overall development, they also support us to participate in extra curriculum activities. The surrounding and facilities in laboratories help me to build up my practical knowledge and help to develop positive attitude. I am thankful to all faculty members and staff of our college who are always there to help us and to motivate us to give our best.
